American Legion Riders Chapter 323 are thankful for your donations to the Bill Allen Poker Run we had on March 23, 2019. Your company helped raise more than \$15,000 towards Bill's medical and upcoming expenses. We are extremely grateful to have Associates & Bruce L. Scheiner support our local veterans in need of assistance.

For those unfamiliar with the American Legion. The American Legion is a nationwide nonprofit organization. American Legion Post 323 has four family members: The Legionnaires, Auxiliary, Sons of the American Legion and the Riders Chapter. Each entity works to raise money to provide support for our veterans and to provide donations to organizations like All Children's Hospital, Child Organ Transplant Association, Special Olympics, Fisher House and more.

Thanks again to all who helped make your donation possible. I apologize for the delay in getting this letter to you and hope we can count on your support in the future.
